

JUSTice Summit Evaluation

Please give us as much information as possible as you consider each question

What changed an understanding you held as you consider the whole of the weekend? What understanding changed?

What will you do with this new understanding?

What opportunities had you anticipated and missed? What didn't you see or hear or experience?

What could be better done to make the next Summit more meaningful for you? If you would attend again, why? If not, why, and what changes would you suggest?

Where would you like CWACM to hold a Justice Summit that you would attend in the future?

Please fill in the fields, save the form on your computer, and email the completed form to justchurch@cwac.us.
